RE: 42 Mill Street

Hi Karon, as discussed I have reviewed the package of information submitted to me by the applicant. The submittal do not change any of the design or regulatory parameter except for the relocation of the access driveway onto the applicant property. So the report originally submitted reflects my interpretation of the regulations and the changed conditions due to the water flow blockage and the beaver dam. Also the floodplain map per Mass GIS is not changed in the re-submittal. I ill need an increase in the budget to cover the review and attendance at the next hearing. I estimate that will require \$1,000. Let me know if you have any questions. Thanks.

Subject: 42 Mill Street

Hi Brian,

Just checking in on the status of the review for 42 Mill Street in Westwood. Are you waiting for information from the applicant?

FYI – the hearing was scheduled for 4/28/21 but the date was changed to 5/5/21 at 7 pm due to an election on 4/28.

Karon
