To: Karon Catrone <kcatrone@westwoodma.gov>

Hi Karon, I just got this response from Tyler at the DEP re the ORAD for the 42 Mill St, or 0 Mill St lot. I assume that if the ORAD that their plans are based on is expired, a new one that reflects the current state of the wetlands on the lot will need to be obtained.

To: Todd DeMelle <tdemelle@gmail.com>

Hi Todd,

I took a look at DEP File #338-0594 on our online system and it appears that Final Order of Resource Area Delineation was extended until 12/19/2022, so it appears expired.

Based on the information in our online system, the only other filings for this property, at this time, are as follows:

DEP File #338-0706- Superseding Order of Conditions issued on 5/6/2022

DEP File #338-0756- No OOC issued and appears still under review by local conservation commission

I hope this answers your questions,

Tyler

CAUTION: This email originated from a sender outside of the Commonwealth of Massachusetts mail system. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Ferrick,

I am writing to inquire about the current status of the Final Order of Resource Area Delineation for the property at 42 Mill Street, Westwood, MA issued as part of DEP File #338-0594 on December 19, 2016 and extended on December 24, 2019.

Could you please confirm whether this FORAD is currently valid or has expired? If there have been any extensions or modifications to its validity period or if a new ORAD or ANRAD have been filed or issued for the lot, I would appreciate that information as well.

If written confirmation of the current status is available, that would be very helpful for our records.

Thank you!

Sincerely,
