Hi Brian,

I'm just wrapping up work on a slide presentation I've been preparing for the conservation commission hearing coming up next week to review the dam repair NOI for "0 Mill St" in Westwood. Much of the presentation is based on your reports of the wetlands. It's a bit long, but I hoped you could look it over and let me know if I captured everything correctly or if you have suggestions for points to add, omit or modify. I would be happy to compensate you for your time.

This is the link to the google slides presentation
https://docs.google.com/presentation/d/1hIF5AflbouOsjQ5r0m9D_rbYAT2FxcUkmvbtBbxq50s/edit?usp=sharing
The script is in the speaker notes under each slide.
The full script is also in this google doc <https://docs.google.com/document/d/10FLvWCrxEbSds275tsCheDb7OroBMnepAMuVXpuUII0/edit?usp=sharing>

Todd
