Hi Karon,
I'm still working on the fine points, but I wanted to get this to you at least a day in advance of the meeting. If it's ok, I'd like to present the first 17 slides of this presentation at the hearing. It should take about ten minutes. The rest I'd like to submit to the commission for the record. Please let me know if that would be ok and/or if there are any considerations I can take or accommodations I can make to present this information most effectively. Also, please let me know if there are any changes to expectations of what Delapa will be presenting. Thank you!

Todd
